

Haleema Qasim

Junior React Js developer at SprintX

I am a front-end web developer with a vast array of knowledge in many different responsive frameworks, and best coding practices.

I am proficient in building quality websites and applications with Html5, CSS3, Bootstrap4, Javascript(Beginner), SASS, and having experience of 1 Year in a well-known company, SprintX

My objective is simply to be the best developer that I can be and to contribute to the technology industry all that I know and can do.

I am dedicated to perfecting my craft by learning from more seasoned developers, remaining humble, and continuously making strides to learn all that I can about development.

I believe that my understanding of problem-solving and strong project management are also skills that have and will continue to contribute to my overall success as a front-end developer.
