Summary

Experienced MERN stack developer with 2+ year of expertise in creating robust and efficient web applications. Proficient in HTML, CSS, and JavaScript with 3+ years of experience. Strong problem-solving skills with a focus on delivering high-quality code. Adept at collaborating with cross-functional teams to meet project goals. Looking to leverage my skills and experience to contribute to a dynamic and innovative team.

Expertise

Experience

June, 2022 - Present

IYRIX tech | Sialkot, Pakistan

MERN STACK DEVELOPER

I am a skilled MERN Stack Developer 6+ months of experience in Iyrix Technologies. I have expertise in JavaScript, Node.js, React.js, TypeScript, and MongoDB, and I am experienced in building complex web applications. In my current role, I have been delivering high-quality and scalable solutions to clients, utilizing modern web development technologies and methodologies such as React hooks, Redux, and Express.

August, 2021 - April, 2022

Gamica Cloud | Faisalabad, Pakistan

MERN STACK DEVELOPER

During my time at Gamica Cloud, I was responsible for designing, building, and maintaining web applications using a combination of React, Node, Express, and MongoDB. I honed my skills in these technologies and gained a deep understanding of how to use them to create effective solutions for clients.

Genious IT solutions | Remote Based

SENIOR FRONTEND DEVELOPER

As a senior front-end developer at Genius IT Solutions, you were responsible for creating and maintaining the visual and interactive elements of websites and web applications. You worked closely with design teams to convert wireframes and designs into high-quality, responsive, and user-friendly web interfaces. Your expertise in HTML, CSS, and JavaScript enabled you to build complex UI components and animations, ensuring a seamless user experience.

Projects

IYRIX tech I Sialkot, Pakistan

ERP SYSYTEM

My work on ERP system helped me to clarify my concepts related to React hooks, Express, NodeJs, MongoDB connectivity, and TypeScript.

Gamica Cloud I Faisalabad,Pakistan

MANAGEMENT APPLICATION

My biggest achievement while working at Gamica Cloud was creating a management app for a food chain company. As a result, I am able to clarify my concepts related to React

Genious IT solutions I Remote Based

SIMPLE APPLICATIONS IN HTML/CSS/JAVASCRIPT

With the help of a professional team, I worked on many different and interesting projects with simple HTML5/CSS3/Bootstrap and JavaScript.
